Suggestions and Items of Importance for Landowner sites

Work/Services; Website Design, Artwork Creation

#1 Addresses

PLEASE Include whether the address is a street, avenue, boulevard, road etc...

Ex. Erie Street and Erie Blvd. are both Syracuse, NY Addresses

Also Please indicate whether the address is East or West

Ex. 1120 East Colvin or 1120 West Colvin (both of these addresses exist) and are different houses on internet maps.

Be careful of your spelling. Ex: 107 Clark, Syracuse NY will not show up on a google map. But mapquest will show 107 Clarke and bring you to the proper destination even though the spelling is incorrect.

#2 Photographs/Images

Please include on disk Only the photographs that you want to be used for your web site.

Please label all images/photos with Addresses clearly marked. Mark each image with address (include address in file name)

OR divide images into folders marked with building address.

Please be consistent with addresses including street number, west or east, street, blvd. road or avenue etc.

Ex. file naming convention; *732W_ColvinAve_kitchen01.jpg*

Also indicate whether or not you would like any images lightened. At our discretion we make every attempt to improve the quality of your interior shots by lightening images that appear dark.
